Metalscapes™ Carbon Steel Panels

Detail	Description	Product Number	Panel Size	Material	Open Area %	Wire Diameter	Lbs. per SFT	Fire Class
	Aberdeen	60023.xx	2' x 2'	Carbon Steel	44%	.040" x .048"	0.56	A
		60024.xx	2' x 4'					
	Erlanger	60025.xx	2' x 2'	Carbon Steel	62%	.08"	0.35	A
		60026.xx	2' x 4'					
	Frankfort	60027.xx	2' x 2'	Carbon Steel	70%	.082"	0.38	A
		60028.xx	2' x 4'					
	Scales	60029.xx	2' x 2'	Carbon Steel	70%	.365"	0.38	A
		60030.xx	2' x 4'					
	Armor	60031.xx	2' x 2'	Carbon Steel	21%	.08"	1.00	A
		60032.xx	2' x 4'					
	Lattice	60033.xx	2' x 2'	Carbon Steel	50%	0.051	0.56	A
		60034.xx	2' x 4'					

Carbon Steel panels are factory painted in choice of Standard, Premium, RAL, or Custom Colors.

Rockfon recommends the use of the Cubegrid® 360 degree painted 15/16" Suspension System for best appearance.

Panels should not be installed in 9/16" face grid suspension.

Color Chart

Standard Colors

Other Painted Colors

Woodlands™ Solid Coordinating Colors

Metalwood™ Solid Coordinating Colors

Colors shown are reproduced as close as possible to actual product color within the limitations of printing technology. Color chips are available upon request and should be reviewed before making a final selection. Variations in color matches of system components to ceiling panels can result from slight differences in texture, room lighting, painting process and subjectivity of observers.

As stated in CISCA's "Metal Ceilings Technical Guidelines," site conditions can impact installed visual appearance of metal ceilings. Usage of high gloss and metallic finishes in areas of critical lighting may alter final appearance and should be considered for finish selection.

Rockfon® Metalscapes™ Wire Mesh Panels

Physical Data	
Type	Lay-In Panel
Material	Painted Carbon Steel Wire or Stainless Steel Wire
Size	Carbon Steel panels 2' x 2' or 2' x 4'; Stainless Steel 2' x 2' only
Fire	Class A: Flame 0, Smoke 0 per ASTM E-84
Performance	Interior Applications
Suspension	15/16" face suspension, Cubegrid 360 degree painted 15/16" grid
Warranty	1 Year Limited

For increased acoustical performance within the space, use Rockfon® Cinema Black™ panels as an acoustical backer.

Rockfon® Metalscapes™ Wire Mesh Panels

Properties

Material

Galvanized steel wire - factory painted, or stainless steel wire

Fire Performance

Surface burning characteristics:
UL723 (ASTM E84) Flame Spread Index: 0
Smoke Developed Index (UL Labeled): 0

Cleaning

✓ Damp cloth

Warranty

1-Year Limited Product Warranty
